MHPN WEBINAR

Supporting the Mental Health of a Neurodivergent Person with Co-occurring Autism and ADHD

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:	
Date completed:	
Activity Name:	Supporting the Mental Health of a Neurodivergent Person with Co-occurring Autism and ADHD
Learning outcomes	• Discuss how to identify, assess and diagnose co-occurring Autism and ADHD. • Discuss strategies to support co-occurring Autism and ADHD with emotional, behavioural and executive functioning regulation. • Outline the benefits of using a multidisciplinary approach when assessing, treating and supporting the mental health of people living with Autism and ADHD.
Time spent engaged in the activity:	(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:
   - Explore the topic further in a supervision session or with a peer/colleague
   - Identify and read the latest research
   - Undertake additional courses, study or training
   - Search MHPN's webinar or podcast libraries for more PD content
   - Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
