Date completed:

Activity Name: Working to support children and families living with Fetal Alcohol Spectrum Disorder

Learning outcomes Watch this facilitated panel discussion of Jonny's story to be better equipped to:

- describe how fetal alcohol spectrum disorder affects children and families across the lifespan
- describe best practice support and referral processes for children and families living with fetal alcohol spectrum disorder
- identify the relationship between social, community and service factors for children and families living with fetal alcohol spectrum disorder.

Time spent engaged in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
