

Collaborative approach to working with children affected by grief

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:

Date completed:

Activity Name: Collaborative approach to working with children affected by grief

Learning outcomes Watch this facilitated panel discussion to be better equipped to:

- identify the mental health indicators in the context of grief and loss and the range of reactions to grief that a child may experience
- discuss tips and strategies that can help a child feel safe and secure after experiencing a loss
- discuss the importance of collaboration and appropriate referrals when supporting a child, their family, and/or carer who are experiencing grief including supports in the school setting.

Time spent engaged in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
