

Treating a health professional with mental health issues

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:

Date completed:

Activity Name: Treating a health professional with mental health issues

Learning outcomes Watch this facilitated panel discussion to be better equipped to:

- describe tips and strategies for providing care to a health professional who is seeking care for their mental health
- identify ways of addressing privacy, stigma and discrimination of mental health issues among health professionals
- demonstrate the importance of collaboration and appropriate referrals when supporting a health professional seeking care for mental health concerns.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
