

Engaging with children and parents with complex needs – a systems approach

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:

Date completed:

Activity Name: Engaging with children and parents with complex needs – a systems approach

Learning outcomes

- identify how to collect and analyse information about clients in ways that can improve service delivery, service design and effectiveness of treatment of children at risk of abuse
- describe best practice models for individual practitioners and organisations to develop strategies to collect, record and analyse data to inform and improve systematic early intervention and prevention of children's mental health
- identify how partnerships can be developed between practitioners, organisations, academic institutions and researchers to maximise opportunities for change and improved practice.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
