Date completed:

Activity Name: Responding to and Treating Post-traumatic Stress Disorder: What works?

Learning outcomes Through a facilitated panel discussion of a vignette, this webinar provides the opportunity for:

- a better understanding of current and emerging evidence-based treatment options for responding to and treating Posttraumatic Stress Disorder
- have a heightened awareness of the challenges, merits and opportunities of current and emerging evidence-based Posttraumatic Stress Disorder treatment options
- increased confidence in responding to Posttraumatic Stress Disorder presentations.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
