Activity Name: Supporting the Families of Veterans: Understanding the impact of Veterans' mental health on their families, partners and children

Learning outcomes Through a facilitated panel discussion of a vignette, this webinar provides the opportunity to:

- better recognise how families, partners and children of veterans struggling with mental health issues may be impacted and the associated risks
- be able to describe the supports and resources which are most effective in supporting families, partners and children impacted by veterans' mental health
- develop increased confidence in supporting the families, partners and/or children of veterans challenged by mental health issues.

Time spent engaged in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
