Date completed:

Activity Name: Suicide prevention for LGBTQIA+ communities

Learning outcomes Through an exploration of suicide prevention for LGBTQIA+ communities the webinar provides participants with the opportunity to:

- Identify factors that are likely to increase the risk of suicidal thoughts and harm in LGBTQIA+ communities.
- Describe protective factors within families, schools and communities that can assist prevention of suicide in LGBTQIA+ communities.
- Elaborate on the importance of collaboration and appropriate referrals when providing care to LGBTQIA+ communities.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
