

Supporting families living with maternal bipolar mood disorder

Continuing Professional Development Learning Record

Complete and save a copy of this form to create your own record of CPD you've undertaken or to further embed your learning. Please note, MHPN is unable to provide Statements of Attendance for viewing webinar recordings or listening to podcasts.

Your details

Your name:

Date completed:

Activity Name: Supporting families living with maternal bipolar mood disorder

Learning outcomes This webinar will help practitioners be better able to:

- recognise the key principles of intervention and the roles of the featured disciplines in assessing, treating and supporting families living with parental mental illness, including identifying the risk and protective factors for the family and for each family member
- recognise the merits, challenges and opportunities in providing family based collaborative care to enhance resilience in children living with parental mental illness.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
