Your details

Your name:

Date completed:

Activity Name: Collaborative Mental Health Care to Support a Young Person from a Refugee Background

Learning outcomes By watching this webinar you will:

- develop an improved understanding the mental health indicators in the context of Yvonne's refugee experience
- be better able to identify the key principles of the featured disciplines' approach in screening, diagnosing, and supporting the health and mental health of Yvonne
- explore tips and strategies for interdisciplinary collaboration for young people, like Yvonne, who have come from a refugee background and may have mental health issues.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
