Activity Name: Working Together to Support the Mental Health of Families with Pre-term Babies

Learning outcomes Through an exploration of Bronwyn's experience, watch this webinar to be better able to:

- identify the risks for perinatal mental health particularly for mothers with pre-term babies
- recognise the core principles of and pathways to effective treatment and management of perinatal mental health issues, particularly for mothers with pre-term babies
- understand the challenges to and opportunities for providing collaborative care to families experiencing perinatal mental health issues.

Time spent engaged in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
