Activity Name: Working Together to Recognise and Treat Complicated Grief

Learning outcomes Watch this facilitated panel discussion of Dorothy's story to be better equipped to:

- describe the difference between complicated grief and depression
- implement key principles of providing an integrated approach in the early identification of complicated grief
- identify challenges, tips and strategies in providing a collaborative response to assisting people experiencing complicated grief after a significant loss.

Time spent engaged
in the activity:

(including completing this form)

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
