Activity Name: Working together to support people who self-harm

Learning outcomes Watch this facilitated panel discussion of Stephanie's story and you will be better equipped to:

- describe the motivations and help-seeking behaviours of people who self-harm and associations between self-injury and psychiatric morbidity, suicide and substance use
- implement key principles of providing an integrated approach in the early identification of help-seeking behaviour for people who self-harm
- identify challenges, tips and strategies in providing a collaborative response to assist people who self-harm and increase help-seeking behaviour.

After watching or listening to the activity, consider the following:

1. What were three key messages that were covered in the activity?

2. Identify your learning goal and how the activity's content aligned with that goal.

3. What actions are you going to take to use the learnings to improve and/or change your practice? For example:

- Explore the topic further in a supervision session or with a peer/colleague
- Identify and read the latest research
- Undertake additional courses, study or training
- Search MHPN's webinar or podcast libraries for more PD content
- Join an MHPN network to connect with other practitioners for networking, peer support or PD

4. Please note any other reflections on the topic or activity.
